BaMaa Power

ABOUT US

We take the privilege to introduce ourselves as one of the leading experienced, excellent quality oriented Electrical Contractor and pioneering company (an ISO 9001:2015) in the field of marketing of Transformers, H.T. panels, VCB, electrical equipment, switch gears, cables, wires, lighting fixtures and other electrical goods. Our company is registered and licensed under many different central and state acts which are required for turnkey projects. We started our race with the study acceleration on our strength from the Year 2017 we worked hard to keep our commitments alive. We offer customized solution for our customers and take pride the valuable opportunity in introducing our organization as a leading company promoted by *experienced* and *professional engineers* as well as leading turnkey contractor. We deal in turnkey contracts for Supply, Installation, Testing and Commissioning of 33 / 11 KV Sub-Station, Switchyards, and D.G. Sets, Cabling, making control room in substation, street lighting & internal electrification. We also work as fabricator and in the field of different industries like Exhaust piping & water piping, Structure of exhaust pipe, Aluminum insulation of exhaust pipe, Ventilation system, Acoustic room treatment system, for DG –sets, providing sound proof canopies. We offer our various types of services like AMC of transformer oil filtration to government & other industries, high rise buildings, business complexes, power plants and software companies etc. Since good earthing is also essential and important for the safety of human lives and all electrical and electronic equipment. So the **BAMAA POWER PROJECTS PVT. LTD.** Is a one stop solution for all types of whether maintenance free chemical, gel or conventional type plate earthing and lightning protection requirements and service to manufacturing and non- manufacturing industries with more than 1500 successful installations all over the country. We possess abundant Lightning Protection & Grounding market experience business content includes project installation, systematic design service to clients directly all over India.

BAMAA POWER PROJECTS PVT. LTD. Have highly qualified and well experienced team for Round the Clock Operation & Maintenance.

We are also supplier of products manufactured by ***renowned companies*** of India. Our goal isn't just to sale / supply of the products or to design installation or commissioning erection of the various projects but to engineer customized solution for our customers. To enhance our established leadership and to set our excellent quality workmanship standards we have knit team of managers, engineers, supervisors, technicians, electricians, fitters, skilled and semiskilled workmanship having vast experience in this field.

BaMaa Power

MISSION / VISION

- **BAMAA POWER** is the Visionary Organization with Structured Core Values and Core Purpose as “To Lighten up the Lives by Providing Safe, Secure, and Cost effective Reliable Power Solutions, “To make available reliable and quality PRODUCT & SERVICES to its customers.

Our Mission

- **BAMAA POWER** has mission to become India’s largest one of the top Substation / External Electrification / Internal Electrification / Solar Power / Traffic Control System / IBMS Solution Company through design expertise, good quality product & exceptional installations. In coming years BAMAA POWER will be preferred partner for most of quality conscious corporate in India. The company will be recognized and respected amongst leading architects, consultants & project management consultants.

Our Vision

- **BAMAA POWER** shall be professionally managed, committed to total customer satisfaction and enhancing engineering betterness. **BAMAA POWER** shall be innovative and technically empowered team, constantly creating values and attaining good benchmarks. BAMAA POWER shall foster a culture of caring, trust and continuous learning while meeting expectations of employees and customers.

BaMaa Power

Our Group Activities

BAMAA POWER offers to undertake turnkey construction projects of 33 KV /11 KV Transmission lines, Substations, switchyards, DG sets, HT/LT Panels, Cabling, Lighting and Earthing projects of Industries, commercial complexes, Official and institutional buildings, Hotels, Hospitals and high rise / multi storied buildings in major Indian metro cities, towns, industrial and rural areas.

BAMAA INDIA Welcome business opportunities in this regard and will very glad to connect with you by:-

≈ Email to: sanjiv@bamaaindia.com

≈ Contact us: Mr. Sanjiv Chauhan - 9810 852308

A) TURNKEY PROJECTS

We undertake complete turnkey contracts of multiracial engineering fields as such:

- 33KV / 11KV Sub-station.
- Switchyard with control room.
- External and Internal Electrification Projects.
- HT/LT Cabling Project.
- SITC Work for D.G. Sets up to 10000 KVA.
- PA & Telecommunication System.
- Fire Alarm System and firefighting systems.
- High Mast Lighting System, road and street lighting.
- Preventive Maintenance and Testing Systems.
- Repairing, servicing, maintenance of Transformers.
- Transformer oil filtration and testing.

B) MANUFACTURERS

- LT Distribution Panel Boards.
- Motor Control & Centre.
- Power Distribution Boards.
- APFC Control Panel (Capacitor Banks).
- Bus Ducts, Rising Mains.
- Cable trays and raceways.
- Lighting distribution board.

C) TRADERS / SUPPLIERS

- Transformer and HT Equipments.
- 33/11KV line materials and its hardware.
- DG Sets, Servo Stabilizers.
- HT Panels, RMUs, VCBs.
- LT/HT Cables& Wires.
- Lighting Fixtures.
- LT Panels. Light and Power DBs.
- Switches, Sockets & Switchgears (ACB, MCCB's , DB's & MCB's).
- HT Jointing Kits.
- Earthing Material, chemical and plate earth stations.
- All types of motor starters, Fans, Exhaust Fans.

D) ROUND THE CLOCK OPERATIONS & MAINTENANCE

- 33 KV / 11 KV Sub stations, switchyards.
- 33 / 11 KV transmission lines and0.433KV distribution systems.
- Electrical installation at industrial plants.
- Electrical installation at high-rise building.
- Electrical installation at commercial building.
- AMC of Hospitals, Hotels, college and schools.
- Substations and utility systems, DG sets.

The erection teams are well equipped with modern tools, machinery and test equipments etc. required to provide best quality & safe installation.

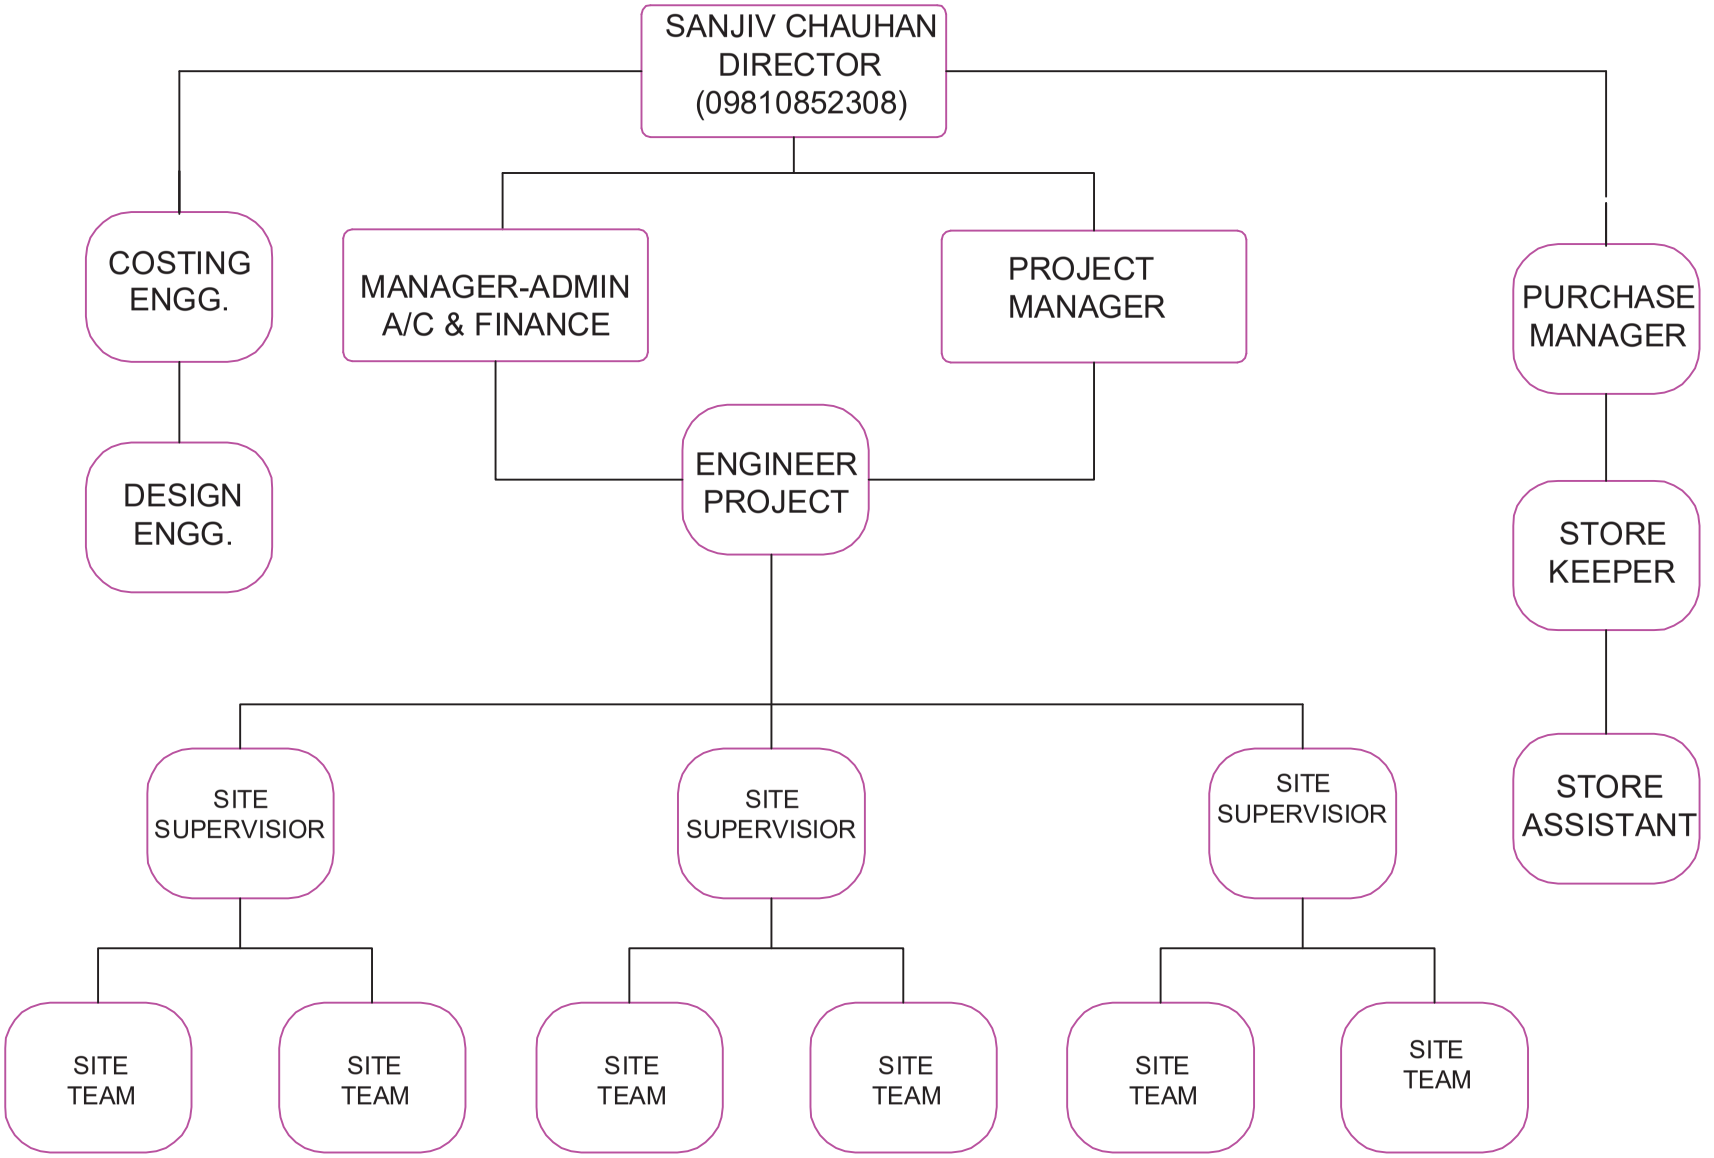

BaMaa Power

PROECT SAFETY PLAN

SAFETY STAND :

- **"**EVERYONE RETURNS HOME SAFE AND WELL EVERYDAY."

OBJECTIVE:

- The Safety Policy of our company is designed to comply with the standards of the occupational safety & Health administration and to endeavour to maintain a safe and injury / illness free work place. To ensure that subcontractors performing work at Project site have the ability to perform work maintaining the high standards of the site with regards to Environment, Health and Safety. We ensure complete safety for all our employees, host employees and the community. For such a purpose, the following objectives have been set forth for the Project :

- Unsafe acts and conditions must be detected, stopped immediately and corrected, with action aimed to prevent their recurrence.
- Achieve a Safe and Healthy Workplace.
- The Safety and Health of all employees must receive prime consideration throughout all phases of work.
- Ensure compliance with all applicable laws, statutory regulations, codes of practices and standards set forth by the government, BPPL and Owner.
- In essence **'NO SAFETY – NO WORK'**.

SAFETY POLICY :

- It is company policy that accident be a prime concern of all employees. We ensure the safety and well being of our workmen at site, subcontractors and customers.

SITE SAFETY PROCEDURE:

- We provide safety helmets, safety belts, hand gloves & boots to our workmen / officer at site.
- Safety signs and specific site safety rules shall be followed strictly.
- Ladders or Scaffolding as per site requirement provided for working at height.
- First Aid Box and Fire Extinguisher shall be fixed at vantage point at site.
- All our workmen covered under ESIC & EPF.
- Danger notice boards fixed at all important places
- To ensure the compliance of all above, we depute a Safety Supervisor at site.

BaMaa Power

QUALITY CONTROL PLAN

Quality control is part of executing process and is concerned with making sure that the quality objectives are met. We stand committed to provide good quality material.

MATERIAL CHECK	-	
MEASUREMENTS	-	
PROPER EXECUTION	-	
INSPECTION	-	
TESTING	-	
WORKMENSHIP	-	

Over & above, we also have ISO 9001:2015 Certification which gives us further strength to our quality ,management & workmenship.
